Why choose a PLUS Plan?

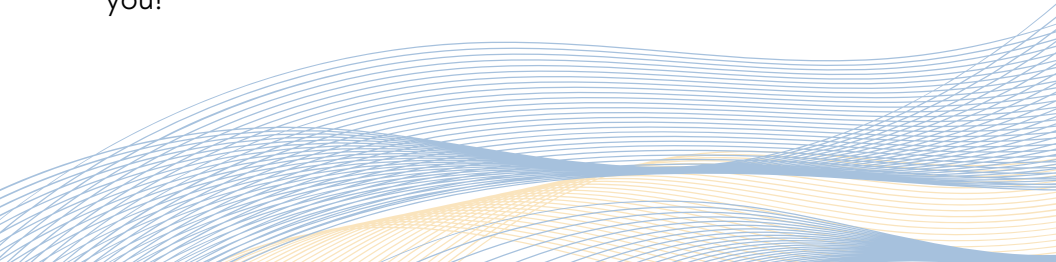

DID YOU KNOW?

Each year in Trinidad & Tobago, noncommunicable diseases (**commonly known as NCDs**) are responsible for an average of **62% of deaths** with over **THREE QUARTERS** of the population being **UNDER 70 years old** (PAHO, 2021). Common NCDs include cancers, diabetes as well as cardiovascular diseases including heart attacks and stroke.

Despite this statistic, individuals find it increasingly difficult to take a proactive approach to their health which often leads to late or unplanned diagnoses.

HealthNet Plus Plans make it easier, more convenient, and more affordable to engage in screening, detection, and treatment of any chronic diseases and overall health management. Our comprehensive program is designed to provide you with the highest level of personalized care and attention, ensuring that you have the support you need to thrive both professionally and personally.

With **HealthNet Plus** you can rest assured that we are with you every step of the way on your journey to a happier, healthier you!

HealthNet *EXECUTIVE* +

Already covered by a health insurance plan?

No problem! HealthNet+ plans are the perfect addition to your already existing health insurance.

No matter your insurance coverage, HealthNet+ plans allow you to submit your insurance claims on discounted service rates. This means that you will be paying **little to no out-of-pocket costs** when visiting any of our HealthNet Caribbean clinics.

As a result, your loss claims ratio will be reduced resulting in the prevention of elevated premium hikes.

- ✔ Little or no out of pocket costs
- ✔ Prevent Premium Hikes

Three Simple Steps To Sign Up:

- 1 Visit any [HealthNet](#) clinic
- 2 Fill out the application form
- 3 Pay, receive your receipt, and gain immediate access to your suite of benefits!

How Do I Redeem My Annual Medical?

Your annual medical is scheduled in a 2-part visit:

1st Visit- Schedule an appointment and visit any **HealthNet** clinic of your choice. Your blood and urine samples (Pap Smear for women) are taken at the clinic.

2nd Visit- You return to the clinic for your ECG, physical examination, dental examination and doctor's consultation.

Our doctor will explain all the results and findings to you and provide you with a written report and copies of all diagnostic test results. The clinic staff will work with you on any follow-up visits and recommendations to ensure your health is properly maintained under our care.
