About HealthNet 50+

HealthNet 50+ is a medical plan *exclusively* for persons over the age of 50 years. This plan was designed by HealthNet Caribbean to specifically allow individuals to take control of their health by having a yearly in-depth medical check-up and year-round discounts for medical services.

All services within this plan are available at any of the six conveniently located HealthNet Caribbean clinics across the country. There is **no pre-qualification**, and anyone from the age of 50 years old can sign up.

The **Executive Medical** is included at an incomparable value - **saving you almost \$1000 off the market price (\$2500)**- along with the addition of **unlimited discounts** year-round on laboratory testing, dental, and doctor services.

With HealthNet 50+
it's easier than ever to
take charge of your
health!

Why Choose **HealthNet 50+**?

As we all graciously age, sometimes we forget the most crucial aspect of our life - **our health**. Various organs, glands, tissues, and systems may be silently becoming defective, such as your heart, blood vessels, kidney, liver, pancreas, prostate, and ovaries, to name a few.

You may be unaware of the symptoms of various lifestyle diseases such as hypertension, diabetes, kidney disease, heart disease, stroke, arthritis, and cancer until it's far too late.

If detected and treated early, these can be managed and prevent you from becoming sick, debilitated, and living a poor quality of life. Alongside being ill, there is also the burden of the high costs of tertiary and advanced care, such as specialist fees, hospital bills, expensive drugs, diagnostic tests, and scans.

With **HealthNet 50+**, you get an annual medical inclusive of a comprehensive range of diagnostic tests as well as the additional benefit of year-long discounts.

**ONLY
\$1500.

Already covered by a health insurance plan?

No problem! HealthNet 50+ is the perfect addition to your already existing health insurance.

No matter your insurance coverage, HealthNet 50+ plans allow you to submit your insurance claims on discounted service rates. This means that you will be paying **little to no out-of-pocket costs** when visiting any of our HealthNet Caribbean clinics.

As a result, your loss claims ratio will be reduced resulting in the prevention of elevated premium hikes.

How Do I Redeem My Annual Medical?

Your annual medical is scheduled in a 2-part visit:

1st Visit- Schedule an appointment and visit any **HealthNet** clinic of your choice. Your blood and urine samples (Pap Smear for women) are taken at the clinic.

2nd Visit- You return to the clinic for your ECG, physical examination, dental examination and doctor's consultation.

Our doctor will explain all the results and findings to you and provide you with a written report and copies of all diagnostic test results. The clinic staff will work with you on any follow-up visits and recommendations to ensure your health is properly maintained under our care.
